“Make it Count” Discipling Tip for Parents: ask your child if he can think of any ways these activities are related to the sermon today. See if your child heard anything he didn’t understand in the service today, and use those things or your own notes to start faith-talks with your child.

As you attend church services with your family, use this sheet to help you pay attention and learn. We want you to worship with us by singing to God and listening to the message while you do these fun activities.

Can you draw or write something that we learn from Colossians 1:21-23? (Need help? Try drawing an alien because Paul says we were alienated from and hostile to God.)
